

The use of photographs is an important developmental tool which is widely used in play and educational settings for recording, sharing and displaying activities that your children have undertaken. At Scissett Kids Club we take the issue of child protection very seriously and we would never knowingly publish an image of your child without your consent.

Please tick the boxes below if you are willing to give permission for images to be used for the following purposes:

- Electronic and printed information, displays and exhibitions at the Club
- Website for the Club/Scissett CE Academy
- Promotional material for the club/Scissett CE Academy
- To accompany staff or student coursework
- Observation and assessment
- EYFS profile – your child may be included in a photograph that will form part of another child's profile which will then go home with the child although no child will be named.
- Club records of my child
- Local newspaper or magazine
- National newspaper or magazine

Please tick the boxes below if you are willing to give permission to:

- Allow your child to take part in walks in the surrounding area or trips out.
- Allow us to administer first aid and/or call for emergency medical help if necessary.
- Allow us to hold records under the Data Protection Act 2018 that relate to your child/children on the Clubs lap-top computer.
- Allow information to be shared between the class teacher and the club to support your child in their play and learning.

I understand that personal details or names of any child in a photograph will never be given in such a way that would allow them to be individually identified.

I understand that this image will NOT be used for anything which may be viewed as negative in tone or that may cause offence, embarrassment or distress for the child or their parent/carer.
